The Honorable Johnny Olszewski, Jr.  
Baltimore County Executive

Councilman David Marks  
Baltimore County Council

400 Washington Avenue  
Towson, Maryland 21204

Dear County Executive Olszewski and Councilman Marks,

As representatives of District 7A, we have been contacted by many residents of Oak Crest Village on Walther Boulevard in Parkville, Maryland, about the need for a traffic signal. We agree. A traffic signal is needed.

Oak Crest Village is one of the largest continuing care retirement communities in the country. Approximately two thousand residents, their families, and guests, along with twelve hundred employees, create a significant amount of traffic at the main entrance. There is a constant flow of automobiles, ambulances, moving vans and delivery trucks.

The safety for everyone who enters and exits the campus is of increasing concern. Our primary goal is to determine the safest and most efficient overall traffic flow.

We are requesting a thorough study of the traffic and roadway conditions, and we are confident it will justify the need for a traffic signal. In addition to the usual considerations for an intersection to qualify for a traffic signal, we hope the study will consider the age of the driving population at Oak Crest Village.

Thank you for considering this important matter.
